FROM THE CREATOR OF IDIOMS! "DO YOU SEE WHAT I'M SAYING?"

More often than not, non-native ASL users struggle with selecting appropriate classifiers to produce concepts in ASL. Many are left wondering how they can learn more about classifiers and how to use them to express concepts they visualize.

This DVD was created to provide you with the tools needed to select and practice classifiers as well as to help you to feel comfortable with producing concepts through ASL by using classifiers. Guided instructions and stories will allow you to create your own work and then be able to compare it with Windell "Wink" Smith Jr's

versions of the same stories on this DVD.
