By Brandon Morgan & Rachel St. John, M.D.

Saturday, Feb. 25, 2012

9:00 A.M. – 4:00 P.M. (Lunch on your own)

TSID is an Approved RID CMP Sponsor for Continuing Education Activities. This Professional Studies program is offered for .6 CEUs at the “Some Knowledge” Level.

Target Audience: Interpreters interested in increasing effectiveness in cultural mediation & ethical practices in medical interpreting. **BEI .6 Ethics CEUs Pending RID .6 Ethics CEUs Pending**

Workshop/Course Description: **Morning Session:** Maintaining role while providing effective cultural mediation can be a nerve-racking task. How do I know if this is in my purview or if I’m stepping outside the boundaries of the Code of Professional Conduct? During this session, participants will explore how to approach the “gray area” that exists when mediating the two cultures in interpreters work. An analysis of the cultural disparities will be performed in conjunction with a look at common mistakes made by interpreters while navigating cultures. The goal of this workshop is to help participants avoid making decisions based on intuition alone. Instead, through group discussion and case studies, attendees will develop an approach to mediating culture that supports the full interaction and independence of the consumer. **Afternoon Session:** This is an interactive and dynamic workshop. Focus will be on the ethical considerations that must be taken into account when considering the specialty of medical interpreting. Practical applications of national standards of practice will be explored, and attendees will participate in dynamic discussions in order to troubleshoot ethical challenges in real-world interpreting scenarios.
