## Secret Signs Released as an eBook

Everything you want in a mystery/thriller: an innocent target; a new technology, a hidden agenda, and an unexpected hero entwined in a quickening pace that races to a stunning conclusion!

**SYNOPSIS:** Amy Kellen has a new job as a sign language interpreter for All Hands Video Relay Service, enabling routine telephone calls between the deaf and hearing communities. But when a political strategist dies on her screen Amy is caught between her code of silence and the high stakes world of Presidential politics.

Forbidden by law from revealing what she saw, Amy resolves to investigate the incident herself. She soon discovers she was not an observer, but rather the unwitting trigger for a political assassination. But can she save code of silence, her daughter, and herself when the assassins come for her?

## Meet The Author

[T.J. WATERS](#) is a full time writer in Central Florida. He spent four years as a Senior Consultant in Intelligence Operations for U.S. Special Operations Command. Prior to this he was a Sr. Counterintelligence Analyst for U.S. Central Command, served undercover in the Central Intelligence Agency, and was Vice President for an intelligence consulting firm. His CIA memoir, '[Class 11](#)', is # 2 on the Agency's list of recommended reading for new employees in the Clandestine Service.

He resides in St Petersburg with his wife Cathy and their two children Sarah and Julian. His older daughter, Rachael, is a student at his alma matter, the University of Tennessee at Chattanooga.

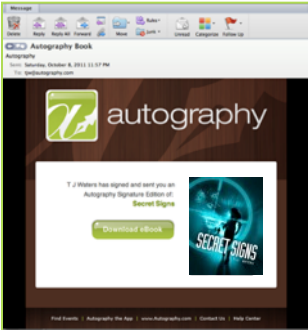

2011 Winner  
International Book Award

**Top to Bottom:** On the cover of GovExec Magazine, on the ground in Balad, Iraq; and on the home front with his family.

# A New Kind of Author Event

TJ waters autographing ebooks at 36,000 feet over Iraq on a USO tour in 2010; Attendees who order an autographed copy will receive an email link to purchase the ebook through Autography for \$2.99.

## Autographed eBooks for Virtually Any Device!

[Autography LLC](#) is a St Petersburg, Florida based media firm with a patent-pending system for autographing ebooks. The system is device agnostic, delivering a personalized ebook via email that can be read and stored on every major eReader device. You can even send one to a friend as a gift!!

The signature page is inserted behind the cover without disturbing the pagination of the book at all. Unsure about buying from a new author? Get an autographed three chapter sample for free and make sure it's right for you, and buy the rest of the book later to see how it ends! You've still got an autographed copy! At in-person events, get your picture with the author embedded into the ebook as well.

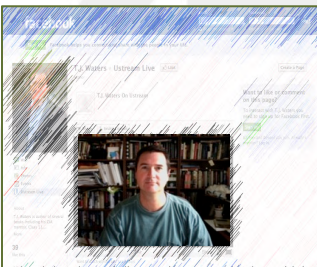

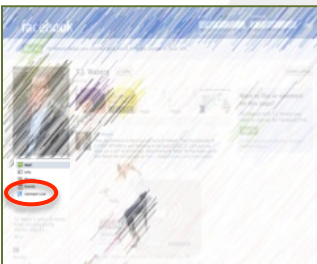

Consumers without a dedicated eReader device can download free software from [Amazon.com](#) or [Barnes & Noble](#) to read the book on a PDA, smartphone, or PC.

## Attend Our Author Event via Facebook!

The streaming video will be broadcast from TJ Waters' [Facebook](#) page. No software plug ins or other applications are necessary. Simply click on the Ustream icon in the left column. The video will run on Facebook and be simulcast through Video Relay Services for the hearing impaired.

For 30 minutes TJ will interact with a single scheduled group through IM chat, email, and audio-video. He will talk about how he came to write SECRET SIGNS, his intelligence community experiences, and the 2010 USO tour that created the Autography system for autographing ebooks.

Buying a book is not required to attend. For those who don't want an autographed copy, SECRET SIGNS is available for the same \$2.99 price through these ebook retailers:

Facebook will host the Ustream video feed. Watch it on the Facebook page, or push a button and take it up to full screen. Email, chat, or talk with the author and get your ebook signed!
